 - i. Issues with Yik Yak throughout campus
 - i. We do not have the ability to ban Yik Yak but can take a united front against it!
 - ii. Still waiting for responses regarding mail room issues.

IV. Open Forum:

- a. The freshmen class has been talking about having a ~~camp~~ event near the reading days (Lowry)
 - i. Having each of the class cabinets contribute finances to make this event happen.
 - ii. Having different stations spread out throughout campus, each location sponsored by a different class, but everyone can come and go to the different locations as they so choose.
- b. Leadership Awards nominations will close on March and the event in which the winners will be announced will take place on April (Hunt)
- c. Meal plan requirements for upperclassmen
 - i. Reasoning behind this change presented by Rob Young.
 - 1. Institutions of similar sizes have implemented meal plan policies to foster community among students by offering centralized dining areas.
 - 2. More students on the meal plan should push Parkhurst to expand their meal options/quality.
 - 3. The 30 and 50 meal plan options will include a grocery function to allow students to purchase groceries directly using their bonus dollars.
 - a. The 30-swipe meal plan includes \$400 in bonus dollars, a correction from a miscommunication in the initial email stating it would come with \$300 bonus dollars.
 - 4. This change will result in an increase in the meal 10

n1 (o)- (n61 (is)2 1 (s)2

1. Students will need to be more creative in using Post 95, such as purchasing chicken tenders or other meat items from the space and taking these items back to 'Burbs residencies to be used in larger dishes. (Young)
- iii. Concerns have been raised about how this decision removes the ability of choice from the students and forces them to spend additional money. (Dewey)
- iv. There is a current dissatisfaction with the quality of food being served in the CDR; and if there are going to be increases in the price of meal plans, the quality of food should increase as well. (Raymond)
 1. The cost analysis of this new policy shows that the price of a meal using the meal swipe is somewhere in the range of ~~\$20~~ per swipe, while the price to eat in the CDR for a single time is \$9. Why are we charging students over double the price of ~~a~~ single meal in the CDR when they are purchasing the bundle option? (Dicks)
 - a. To order food from Chipotle and have it delivered to campus is about \$16, which is still cheaper and is better quality than the food in the CDR. (Dicks)
 2. There have been significant improvements in ~~gluten~~, vegetarian, and food supplement options in the CDR lately. (Gardner)
- v.

- i. Talked with Jonathan Levin and the two strength coaches in the back room.
- ii. During this conversation, there was a realization that the front weight room at the HWA has not been updated or serviced in the past 3 years (for reference, standard equipment safety procedures recommended servicing equipment every 6 months).
 - 1. As a result, a majority of the allocated money from Student Senate will likely be used in replacing the items in this space, as well as adding some items that are currently exclusive only to the back weight room.
- iii. Throughout this meeting there was a continued emphasis on all students being able to use the back weight room and the coaches will make space for students to use the space.
 - 1. What can Student Senate do to promote this to the student body?
 - a. Instagram post notifying students?
 - b. Having posters on the front doors of the HWA explaining this?
 - b. Drag brunch Taskforce update.
 - c. Approval of LNI as a student organization with updated form.
 - i. Motion to approve LNI as a student organization: Dewey
 - ii. Seconded Peña
 - iii. Motion passes

VI. New Business:

- a. Christopher Compton Witten'Burbs Senator
 - i. Throughout my time on Wittenberg's campus, I have spent three years living in the "Wittenburbs." The 'Burbs' play a crucial role in campus life and the primary aim of 'Burbs Senator' is to foster a clean and welcoming environment. In my time as a Ministry Associate Intern with the Christian Church in Ohio, I assumed responsibility for reporting lodging issues to my supervisors and collaborating with a dedicated team to promptly address and resolve them. My time working with the Christian Church in Ohio was primarily spent organizing and conducting summer programs with an estimated 1000 people residing on the campgrounds each week. I am committed to improving the quality of housing and voicing the concerns of students to the Police Advisory Committee, Office of Residence Life, and the Student Senate. My vision as the 'Burbs' Senator is to tackle the everyday challenges affecting our community, fostering a clean and respectful environment where all residents on campus thrive. I am committed to implementing measures that address issues such as pet waste disposal, reducing litter, and maintaining the cleanliness of our neighborhood. I kindly request your thoughtful consideration and am eager to help transform the 'Burbs' into a welcoming environment for all students at Wittenberg.
